Dear Patrick,

I am sending you our advice direct as the e-notification system for CAACs seems not to be working, again!

I hope this is ok.

All good wishes,

Richard

No objection.

The Committee has been pleased to be actively involved in extensive pre-application discussion of these proposals. We note that the application has addressed our concerns. We also note that the alterations to the lower ground floor door opening in the rear elevation are reversible.

We request that the replacement of the sash window at second floor level be made a condition of the consent.
