Your comments on the planning application

The proposals submitted for the development of this site are not in keeping with the character of Caversham Road, which is in a conservation area. In particular I object to raising the building beyond the 4-storey level of the surrounding houses and the intention to clad the triangle portion of the proposed development in white brick work. I am further concerned that the number of dwellings proposed are far in excess of what the site can comfortably support, and will as a consequence increase the number of cars and overburden the already creaking drainage system. It behoves Camden's planning department to stewardship the conservation area properly.
