Your comments on the planning application

The large, unbalanced rear dormer and 2nd floor roof extension both clearly contravene CA guidelines. The dormer is too big, positioned ascance on the roof and appears too low to yield headroom. The SPG suggests 1/3 the width and 1/2 the height of the pitch, positioned 1/3 up the pitch and 1/6 from the ridge. Please advise the applicant.

The 2nd floor extension is within one floor of the main roof eaves and therefore breaches Camden guidance.
