Subject: Camden lock proposal

Ref - 2015/4774/P Objection- I am a trader and have a family to support. If development goes ahead what will happen to us the small business? Camden is a vibrant young hip market. The only of its kind in the UK so why destroy what bring in millions of tourists.

I and my family object to this. Please save the traders or at least secure that the development is done in stages and we all don't lose our livelihood.

Regards,

Manju Gurung
