2015/4456/P	Steven Powell	Flat E Third Floor 32 Arundel Square Islington London N7 8AS	09/09/2015 14:14:07	OBJ	<p>As a local resident who has frequently used the Admiral Mann pub I'm completely opposed to this planned re-development. We've lost far too many pubs in Islington and more widely in London.</p> <p>For many years the Admiral Mann has been a friendly, much used and much loved local community asset.</p> <p>The proposed development will leave a much reduced "footprint" for the pub. It won't be viable economically, socially or environmentally in terms of noise to which the new residents of the proposed flats would inevitably object.</p> <p>We are in danger of turning our borough and our city into a large dormitory in which there is space for social interaction. I am deeply suspicious of the plans proposed by this developer given his history.</p> <p>I know that we need more homes, but not at the expense of such a much loved and established community asset.</p> <p>Please reject this application. Save the Admiral Mann!</p>
