Your comments on the planning application

Dear council, you are the guarantors of the community and you have the chance to prove it. How can you allow destroying such a nice and convivial place like Camden Lock market to make room for yet another shopping mall?? London and Camden do not need one! You should try to help and preserve the place as it is and the community that lives off it. Have been a trader there for many years and these plans would mean the end of my business. Do consider people and make a stand for it. Thanks.

Your comments on the planning application

I would like to object to yet some more gentrification and modernising of London and especially of our beloved Camden. The sheer scale of the building work would condemn the community that relies on the Lock market to be moved to some grotty place with no chance of trading and wait for the market to reopen with much higher rent...So where is the good news? Moved around first then priced out?? I have been a trader for so many years and this project is likely to spell the end of my Camden life. There is already a building site across the road...All this is done only in the name of profit...Wouldn't it be the role of the council to
