| Why do you consider that a Lawful Development Certificate should be granted for this proposal? | | | | | | |
| It is considered that the proposed partial infill of the atrium to create additional office floor space at second, third, fourth and fifth floor levels does not constitute 'development', as defined under Section 55 of the Town and Country Planning Act 1990. The proposed works affect only the interior and would not affect the external appearance of the building, as shown on the enclosed plans. The proposed works therefore fall outside of the S.55 definition of development by virtue of S.55(2a) and so could be undertaken in isolation, without the requirement for planning permission. | | | | | | |
