2015/4436/P	Ian Paton	9 Rona Road NW3 2HY	15/09/2015 21:53:23	OBJ	We are concerned that the creation of the substantial basement will be extremely noisy and time-consuming and will encourage others in the road to do similar things. This is a conservation area and no other houses in the area have basements like that as to our knowledge.
