The Council has considered your application and decided to **refuse** advertisement consent for the following reason(s):

Reason(s) for Refusal

- 1 The display panels, by reason of size, prominent location and method of illumination would result in visual clutter on the listed host structure, harming the visual amenity of the Hampstead Conservation Area, contrary to policy CS14 (Promoting High Quality Places and Conserving Our Heritage) of Camden's Local Development Framework Core Strategy 2010 and policy DP24 (Securing High Quality Design) of Camden's Local Development Framework Policies 2010.

- 2 The proposed display panels, by virtue of size, prominent location and method of illumination, would be likely to distract drivers' attention to the detriment of highway and pedestrian safety, contrary to Policy DP21 (development connecting to the highway network) of the London Borough of Camden Local Development Framework Development Policies.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
