Your comments on the planning application

1. There will be a significant loss of daylight to our property as this dormer will be an entire floor higher than any other house behind us. This negatively effects our garden space. We have a VERY small garden as we are at the top of the triangle that forms the garden space between Glenloch and Glenmore Roads. This added height will make our already small garden feel like a prison.
2. We will be over looked by a balcony - which is much more intrusive than a window as people may gather outside and peer directly into our garden and Kitchen.
3. The above two issues will clearly impact the resale value

Planning Application Details

of our property and the enjoyment of our garden.

4. There are no other houses in the immediate area that have a dormer height at the proposed level. This is a significant change to the courtyard environment currently in place and will allow others to do the same.
