

NOTES: -

- ① New curved link extension in the north-east corner of the New Court. Link to be of framed construction, with a leaf of second hand plum stock headers over the basement level. Ground Floor of the link to be of hardwood timber frame construction, with infill panels, timber panelled at low level and glazed upper sections match the pattern of the No. 12 Breakfast Parlour. Glass to be pale yellow colour to match glass elsewhere in the Museum.
- ② This bay of construction to be sandwich timber panel, with 2no. sheets of 22mm thick h/w timber panelling filled with rigid insulation (32mm thick). Panel to be full height over the Ground Floor.
- ③ Weathering over the thicker Basement level wall to be formed from 2no. layers of hand made creasing tiles, laid on a DPM.
- ④ New opening to be formed into the existing Wild Ante Room. Door linings to be plastered in traditional lime plaster, with timber bead edges.
- ⑤ New hardwood timber panelled door and frame to suit new opening. Door to be flush beaded on the New Court Link side with recess panels on the Wild Ante Room side with chamfered detail on panel edges.
- ⑥ Former outside walls to be plastered in 3no. coats of traditional lime plaster.
- ⑦ New h/w timber skirting board to be run around the complete passage, 18mm thick, 125mm tall with 10mm bead to top edge.
- ⑧ New tongue and groove oak floorboards, 230mm wide x 25mm thick (or re-used s/w timber boards from the Soane Ante Room (Wild imports), to be assessed upon taking up)
- ⑨ 2no. new Portland stone thresholds to be laid on a lime bed in each of the openings, assume 50mm thick.
- ⑩ New opening to be formed into the new Study Room. Door linings to be plastered in traditional lime plaster, with timber bead edges. Existing skirting board to be terminated adjacent to the new door frame.
- ⑪ New hardwood timber panelled door and frame to suit new opening. Door to be flush beaded on the New Court Link side with recess panels on the Study Room side with chamfered detail on panel edges.

DRAWING REVISIONS:
