Dear Gideon,

**Grove Lodge Applications - 2015/4485/P & 2015/4555/L**

It has been brought to our attention that there are some small errors within the Schedule of Works submitted in support of the above applications. Some of the works listed are in fact no longer proposed and a removal of a rooflight has been missed from the list. This error is due to the fact that there were many iterations to the scheme.

I enclose the correct Schedule of Works and amended Design and Access Statement, which for your information, also contains the Schedule of Works within the appendices. I also attach a marked up copy of the schedule submitted, which shows the small differences for your further appreciation.

As this is a minor change to the documents, we consider a simple substitution will suffice. All other documents are correct and up-to-date, including the drawings.

I trust the above is clear, but please do not hesitate to contact me should you have any queries.

Kind regards,

Grace Mollart
