

- Proposed zinc effect single ply roof covering with standing seam profile feature. For further det. please ref. to TCA dw. 190-520 and NBS spec.
- Allow for The Roof Light Company automatic opening 'Plateau' range rooflights as shown indicatively, to achieve a min. of 9 sq.m. openable area to meet M&E engineer's requirements. Allow for rooflights to be broken into sections if size exceeds manufacturer's requirements and spec.
- Include for a metal chimney to accommodate and suit the proposed fireplace. Please allow for flashing, collar, cap, support as necessary and all other sundry items.
- Allow for a powder coated aluminium gutter along the roof perimeter. For further det. please ref. to TCA dw. 190-501 and gutter details 190-540 / 541 / 542 / 543 and TCA NBS spec.
- Allow for the proposed aluminium roof coping detail to run along the roof perimeter. Coping to be broken down in sections to align through with the proposed aluminium facade fins below. Please ref. to TCA elevation dw. 190-200.
