Lavandula angustifolia 'Munstead'

Sarcococca hookeriana humilis

Pachysandra terminalis

Cistus × *purpureus*

Stipa tenuissima

Mahonia nitens 'Cabaret'

Hebe rakaiensis

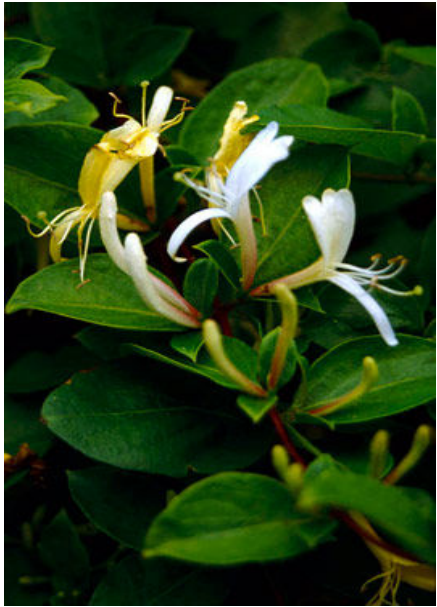

Skimmia japonica 'Rubella'

Astelia 'Silver Shadow'

Plant palatte for plants in courtyard

Akebia quinata

Pileostegia viburnoides

Trachelospermum jasminoides 'Star of Toscana'

Parthenocissus tricuspidata 'Veitchi'

Lonicera japonica 'Halliana'

Lonicera henryi 'Copper Beauty'

Hedera helix 'Green Ripple'

Plant palette for evergreen climbers in planters

Euonymus Japonicus 'Bravo'

Hebe 'Wiri Mist'

Laurus nobilis

Euonymus japonicus 'Paloma Blanca'

Plant palette for party wall planters on roof

Plant Schedule						
No	Name	form	height	condition	density	Maintenance
	amenity shrubs and ground cover					
2	Astelia 'Silver Shadow'	shrub	n/a		5/m ²	Provide protection during cold winters and divide plants, if necessary, in April to May.
4	Cistus × purpureus	shrub				After flowering, pinch back young plant to encourage a bushy habit. Lightly trim or cut back any stems that spoil the symmetry of the plant. Do not prune hard.
30	Euonymus japonicus 'Paloma Blanca'	shrub	n/a	9cm cg	6/m ²	Tip prune young plants in mid to late spring to encourage bushy growth and apply a generous 5-7cm mulch of well-rotted garden compost or manure around the base of the plant.
30	Hebe 'Wiri Mist'	shrub	40-60cm	2L pot	as shown	Needs minimal pruning. Remove misplaced or frost damaged branches in late spring
16	Hebe rakaiensis	shrub	n/a	2L pot	as shown	Needs minimal pruning. Remove misplaced or frost damaged branches in late spring
12	Lavandula angustifolia 'Munstead'	shrub	n/a	2L pot	as shown	Cut back the stalks after the flowers have faded. Carefully trim back in April, taking care not to cut into old wood.
48	Pachysandra terminalis	shrub	n/a	9cm cg	as shown	Lift and divide congested colonies in autumn or spring.
8	Mahonia nitens 'Cabaret'	shrub	n/a	2L pot	as shown	Apply a generous 5-7cm mulch of well-rotted garden compost around the base of the plant in spring.
4	Sarcococca hookeriana humilis	shrub	n/a	2L pot	as shown	Lightly trim after flowering, if necessary.
4	Skimmia japonica 'Rubella'	shrub	n/a	2L pot	as shown	Lightly trim after flowering, if necessary.
	climbers					
4	Akebia quinata	climber with cane support	n/a	3L cg	as shown	Prune back after flowering where necessary.
3	Hedera helix 'Green Ripple'	climber with cane support	n/a	3L cg	as shown	Keep moist during the winter months. Plants may be pruned at any time of the year to keep within bounds.
3	Lonicera japonica 'Halliana'	climber with cane support	n/a	3L cg	as shown	Cut back established plants after flowering, removing a third of the flowering shoots. Apply a generous 5-7cm mulch of well-rotted compost around the base of the plant in early spring.
2	Lonicera henryi 'Copper Beauty'	climber with cane support	n/a	3L cg	as shown	
3	Parthenocissus tricuspidata Veitchi	climber with cane support	n/a	3L cg	as shown	Once established, tie in stray shoots and prune in autumn or early winter to keep the plant within bounds
3	Pileostegia viburnoides	climber with cane support	n/a	3L cg	as shown	Prune as required in early spring.
3	Trachelospermum jasminoides Star of Toscana	climber with cane support	n/a	3L cg	as shown	After flowering has finished prune back to fit the available space.
	grasses					
11	Stipa tenuissima	grass	n/a	5L cg	5/m ²	Cut back in early spring before the new foliage appears.
	hedges					
48	Laurus nobilis	shrub	60-80cm	3L cg	5/ lin m	Keep well-watered during the growing season and feed with a slow-release fertiliser such as Scotts Controlled Release Tablets. Clip established plants lightly twice during the summer months to retain a balanced shape, using secateurs not shears.
48	Euonymus japonicus 'Bravo'	shrub	60-80cm	3L cg	5/ lin m	Occasional trim in spring to keep in shape
