2015/4514/P	Ben Maclean	Garden Flat 15 Lambolle Road	24/09/2015 09:38:40	NOBJ	We live in the Garden flat 15 Lambolle Road next to the property. The new terrace will overlook our garden. We do not consider this to be a negative development. Nor will alterations to the roof profile and the addition of two new windows detrimentally impact our property. We believe that the alterations will complement well the character of the local area. Finally we are in support of such refurbishments as part of the good maintenance of property by home owners locally.
