2015/4975/T	Ruby Cowling	9 Compayne Gardens	19/09/2015 14:40:52	NOOBJEM AIL	Further to my previous comments - after having reviewed the supporting document (which was not clear before) we no longer strongly object to the removal of the hawthorn as it is now clear that the tree is not really viable.
2015/4975/T	Ruby Cowling	9 Compayne Gardens	19/09/2015 09:59:34	OBJEMAIL	We object to the proposed felling. The tree is not near the house so does not pose any risk to the structure, and if the owner is proposing making a parking space at the front of his property we believe this is still possible without felling the tree. Felling would leave a large and unsightly gap in the tree line along the street as there are no others sheltering the front of number 7. This hawthorn also represents variety in the street (otherwise mostly limes) and is visited by songbirds. We feel strongly that we must preserve as many trees as possible to conserve the special qualities of this area.
