Good Morning Patrick

Our client would anticipate the opening hours for the dental practice will be [Monday to Friday 08:30](#) to 6pm and [Saturday 9-5pm](#).

Once up and running the nature of the business has no call for larger delivery vans and any deliveries of supplies needed for the operation of the surgeries are usually via Royal mail.

In regard to your query about the amount of people onsite it would be approx 5 at any given time including dental staff and patients.

I hope this information helps but if need anything further please feel free to contact me.

Kind regards,
Fionnuala Bennett
