Dear Rob Tulloch

I am writing to express our concern for Air Studios with regards to the proposed building work that is near to this venue. The proposed work on a basement in particular would cause major noise and disruption to the quality of their work and may even force them to loose business and close.

This is a unique facility that needs to be preserved at all costs.

I would urge you to be thoughtful and give consideration to any planning that would place this institution in peril.

With regards,

Professor of The Arts in Society, Hamish Fyfe (University of South Wales) & Elizabeth Fyfe
