Dear Mr O'Donnell

Planning Application Consultation
King Henry's Road
London NW3 3SN
Application Ref: 2015/4789/P

My wife and I live in 118 King Henry's Road NW3 3SN since
21.5.1971 – 44 years.

In your consultation letter of 3.9.2015, which reached us on
Friday 18.9.2015, you invited our comments on the proposed
erection of a single storey rear extension at first floor level of
116 KHR.

In our telephone on Monday 21.9.2015 you informed me, as I
could not glean a plan of the proposed structure, that the extension
will be over the entire first floor patio.

We beg to register our strongest objection to the said extension.

The proposed extension will clearly diminish the quality of our right to daylight/sunlight obtained by prescription and enjoyed for 44 years!

The prescription was acquired through large size glass patio doors, originally designed by the architects of the estate, a major feature in the rear half of our living room on the side of No 116.

Yours faithfully

Mr Feder
