Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Full Planning Permission Granted**

Address:  
**37A Brecknock Road**  
**London**  
**N7 0BT**

Proposal:  
Installation of new shopfront and fascia sign.

Drawing Nos: 002; 003 D; 004; & 1x unnumbered drawing titled "fascia details".

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise

specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 002; 003 D; 004; & 1x unnumbered drawing titled "fascia details".

Reason: For the avoidance of doubt and in the interest of proper planning.

#### Informative(s):

- 1 Reasons for granting permission. [Delegated]

The proposed new shopfront is sympathetic to the host building and of an appropriate design by virtue of its traditional elements such as the stall riser and materials, which would preserve the character and appearance of the building and the street scene. Due to its nature and location, it would not result in harm to the amenity of any adjoining residential occupiers.

Whilst the development will have some impact in terms of introducing aluminium frames to replace timber frames, such alteration in this location is not considered harmful to the character or appearance of the host building or the street scene due to the variety of shopfronts that exists in the vicinity.

No objection has been received. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4 and 7.6 of the London Plan 2011; and paragraphs 14, 17 and 66 of the National Planning Policy Framework.
