

PLAN OF TREES AT 30 DALEHAM GARDENS, LONDON NW3 5DD -
SAL/KMA/17649 – 6th OCTOBER 2015

**T1 - Holly x 2 - left side tree – reduce to level of building apex behind
right side tree - reduce to level of eaves**

**Reasons: both trees are etiolated and sparse following removal of the
Leyland cypress. They look unsightly and Mr Balogh is not happy with their
appearance.**
