Drawing Nos: 010, 011, 020, 030, 031, 110, 111, 120, 130, 131, Design & Access
Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as

possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans 010, 011, 020, 030, 031, 110, 111, 120, 130, 131, Design & Access Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 4 The flat roof of the extension hereby approved shall not be used at any time as a roof terrace and any access out onto these areas shall be for maintenance purposes only.

Reason: In order to prevent unreasonable overlooking of neighbouring premises in accordance with the requirements of policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policy DP26 of the London Borough of Camden Local Development Framework Development Policies.

- 5 Prior to the commencement of the development, a plan showing details of the bio-diverse roof including species, planting density, substrate and a section at scale 1:20 showing that adequate depth is available in terms of the construction and long term viability of the green roof, and a programme for a scheme of maintenance shall be submitted to and approved in writing by the local planning authority. The bio-diverse roof shall be fully provided in accordance with the approved details prior to first occupation and thereafter retained and maintained in accordance with the approved scheme of maintenance.

Reason: To ensure that the green roof is suitably designed and maintained in accordance with the requirements of policies CS13, CS14, CS15 and CS16 of the London Borough of Camden Local Development Framework Core Strategy and policies DP22, DP23, DP24 and DP32 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reasons for granting permission.

The size, scale and bulk of the proposed two storey rear extension is considered to form a subordinate addition that would respect and preserve the original design of the host building and the character and setting of the neighbouring properties.

The submitted plans indicate that the first floor element of the proposed extension

would be built to the same height and depth as the neighbouring extension at No.29 whilst ensuring that adequate levels of daylight and sunlight would be received to the nearest habitable room window of No.25 Lowfield Road. Furthermore, the proposal is considered not to significantly harm the amenity of any other neighbouring occupiers in terms of loss of outlook or privacy.

No objections were received following statutory consultation. The sites planning history has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies and Policy 2 of the Fortune Green and West Hampstead Neighbourhood Plan. The proposed development also accords with policies 7.4 and 7.6 of the London Plan 2015, consolidated with alterations since 2011; and paragraphs 14, 17 and 56-66 of the National Planning Policy Framework.

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974.
