Dear Alan,

New Build Residence at 1 Norfolk Road, St Johns Wood.

We confirm that we, Constructure Ltd, have been appointed as Structural Engineer on the above project, as per our proposal dated June 2015 and subsequent appointment agreement with yourselves. Constructure is a Chartered Engineering practice.

As part of the normal services under the ACE Conditions, our appointment allows for a number of site visits throughout the construction works, which will be scheduled to coincide with key stages during the basement construction, in order to ensure that installed works complies with our designs and your proposed methodologies. This is to act in parallel with your Main Contractor's day-to-day responsibilities in providing compliant constructions which meet our designs and specifications.

Yours sincerely,
for Constructure Ltd
