Dear Laura.

Further to our site walk-around on the 23rd of September please find attached our proposed colour (RAL 7037 Dusty Grey) for the plant and enclosing screens. As discussed on site this has been selected to tone the plant installations in with their surroundings.

We welcome any comments you may have so we are able to submit the application confident that the selected colour will be acceptable.

Please feel free to get in touch if there is anything you wish to discuss.

Best regards,

Jonathan
