Dear Sir/Madam

Re: Application Ref: 2015/4778/P
Old Postman's office 30 Leighton Road London NW5 2QE

We are medical centre in between 32 and 36 Leighton Road, Caversham Group Practice.

We would like to object about the proposed plan for following reasons:

1. With proposed height of building our natural sunlight will be significantly reduced for our consultation rooms, meeting room and office space. Anything higher than current wall between us and post office building will compromise day light.
2. We are large practice with 14 doctors and other clinical staff. The Practice is open Monday-Friday 8-6.30pm. We are concerned the noise created by the proposed project during the construction time is likely to be very disruptive for consultation between clinicians and patients. We would therefore like to have some form of assurance about minimisation of noise during our working hours; for example ay major machinery works to be undertaken over weekends or bank holidays when our health centre is closed except 1st Saturday of month when we are open from 9.30-12.30pm.

We look forward to receiving your response.

Yours Sincerely,

Sheetal Shah
Practice Manager
