# Grey (Premuim Slate) - SupaLite Tiled Roof System

## Grey (Premuim Slate)

### PremiumSlate

For centuries, slate roofing has been desired for its durability and beauty. With authentic surfaces and edges, PremiumSlate highlights the handsome character of slate, at the same time enhancing roof performance through innovative design. Unlike natural slate, PremiumSlate won't break or delaminate.

PremiumSlate gives you the power to evoke both historical elegance and outstanding modern-day style. Our slates are created with moulds cast from real slate to capture genuine peaks, plateaux and curves. Colour-through design and UV stabilisation ensure "stay-true" richness for traditional colours.
