Planning application number..... 2015/5206/P.....

Planning application address..... 267 Eversholt St NW1 1BA.....

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

I object strongly to the proposed works as they have been and are still refurbishing the premises in question for approx 9 months. They have used our car park for 4 vehicles at a time, a skip, material storage and yet no permits are displayed.

I had phoned and complained but nothing has been done, it has only got worse.

I have had 2 punctures and had to replace 1 tyre due to the above works.

Why do we pay for our spaces when contractors have the use of 5 bays for free.

What about all the constant mess, dirt and dust? A reply would be nice!

Please continue on extra sheets if you wish
