Planning application address... Flats 11 & 12 25-31 Adamson Rd

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

As a neighbour it is of critical importance to me that the work be carried out in such a way that my quality of life is not adversely affected.

If scaffolding must go up the building, it should be at the front only. At the back ^{as well} it would depress light levels to an extreme degree, + pose a far greater security hazard. Work should be done during the normal work day hours. Mess

+ rubble must be kept to a minimum + regularly cleared.

Please continue on extra sheets if you wish
