PROPOSED
uPVC DOUBLE
GLAZED
WINDOWS TO
MATCH THE
EXISTING.

PROPOSALS:

The proposals are for renewal of the existing timber windows at the rear and front of 29 E Ainger Road. This is a loft conversion and replacing existing timber windows with uPVC would not be detrimental to the character of the building. Many of the properties adjacent to no 29 have uPVC windows in loft conversions. The fenestration will be followed to the front and rear elevation.

REAR ELEVATION
