2015/4795/P	Dominica Maxted	76 Camden Mews NW1 9BX	15/10/2015 10:54:08	OBJ	<p>Once again, Mr Llowarch wants to amend his plans without consultation with us - the owner of the next door property at 76 Camden Mews.</p> <p>Mr Llowarch is an architect and seems to be well aware of how to use the system to his advantage. I suggest that changes to his original plans after they have been approved is a calculated attempt to play the system.</p> <p>We are not architects. We can only scan the council web site and try to work out what he is up to and whether it will be detrimental to us. Please help us by refusing any further changes without a proper consultation period.</p>
