2015/5015/P	Mrs Animashaun	17 seymour house churchway london	16/10/2015 18:27:48	OBJLETTE R	<p>I fear that the hotel would cause disruptions when tourist will come with cars and use the few parking spaces we have in this controlled area. I am a resident in Churchway and parking after 18:30 and week end is already difficult as the controlled area doesn't cover after 18:30 in weekdays and week-ends all day.</p> <p>Our parking spaces are constantly used by cabs (mostly private) waiting for their next jobs and users of Euston station dropping and picking up. We also have 3 nearby hotels that congest Churchway at week-ends.</p> <p>New enforcement need to be put in place to cover longer week days and include week end for Churchway before another hotel come and disrupt the limited parking spaces we have.</p>
