2015/5564/P	Akshay Sethia	4 Jade Terrace Marston Close LONDON NW6 4EQ	20/10/2015 11:43:34	OBJ	<p>I object to the proposed plans because the property as proposed will overlook directly into my property and will result in a loss of my privacy.</p> <p>All of the external elements of the rear extensions (1. roof terrace of loft conversion; 2. first floor Juliet balcony; and 3. flat roof terrace above single storey extension [the glass screen on the roof terrace above the extension is NOT opaque]) will have direct line of site into my property (interior and exterior) and result in a loss of privacy.</p> <p>As a separate item, in the context of maintaining the aesthetics of the Conservation Area, the owner has discarded an old bathtub and other household items at the bottom of his garden which have been there for some years now, and have not been removed.</p>
