Dear Tessa Craig,

28 September 2015
Application Ref:2015/4910/P

As a Owner-Occupier of Flat 2, 68 Goldhurst Terrace, (shared Freehold) , I wish to inform you that, in principal, I have no objections to the above-stated planning application - providing that the replacement of the rear windows of flat 3 would not require the placement of any ladder, or scaffolding , on my room terrace .

I did speak to the owners of flat 3 and they re-assured me that the replacement of the rear windows of their flat would be done as an inside job, and would NOT require any placing of a ladder , or scaffolding, on my roof terrace. I am satisfied with their re-assurance , but wish to put it on record in case a problem may arise later on which may involve , or affect, my roof terrace

Yours sincerely

Ruth Tenne
