Informative(s):

- 1 Reasons for granting permission.

Given the prevalence of large rear dormer extensions to a number of neighbouring properties along this residential terrace, including the adjacent property at no. 18, the size, scale, bulk and design of the proposed development is considered to have an acceptable impact to the character and setting of the host dwelling and the appearance of the wider area.

The size and location of the proposed dormer would not cause any undue harm to neighbouring amenity in terms of loss of light, outlook or privacy. The development is limited to a single dormer structure within the roof and the current levels of overlooking are considered not to be exacerbated by the proposal.

No objections were received following statutory consultation. The sites planning history and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies and paragraph A13 of the Fortune Green and West Hampstead Neighbourhood Plan. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.
