23 October 2015

Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:
10 Keats Grove
London
NW3 2RR

Proposal:
Installation of a picture hanging rail - installation of track lighting
Drawing Nos: KH D&A statement v3 (contains drawings)

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 All new work and work of making good shall be carried out to match the original work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The works hereby approved are only those specifically indicated on the drawing(s) referred to above.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 The site is a grade-I listed pair of semi-detached houses of 1814, formerly the home of the poet Keats, now a museum devoted to his memory.

The applicant wishes to install a simple picture rail and a strip of mini spotlights in order to utilise a room that is currently without use as a site for displays of material about Keats.

There is therefore a public benefit to the proposal.

Following officer advice, the proposal has been reduced from a more complicated and interventionist scheme, involving suspending the picture rail from beams above the ceiling, to one where the rail is simply screwed to the studs within the wall.

The proposal was publicised via site notice and press notice and no objections were received. Historic England has issued permission to determine (6/10/15) ratified by the Secretary of State (14/10/15). The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.
