Informative(s):

- 1 Reasons for granting permission:

The proposed reinstatement of an appropriately-detailed timber framed sash window in place of a non-original door at lower ground level will preserve the host building's appearance and character, and the character and appearance of this part of the Bloomsbury conservation area.

Due to its location, the proposal will not harm the amenity of any adjoining residential occupiers.

The site's planning history was taken into account when coming to this decision. No representations were received as a result of public consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56-66 and 126 - 141 of the National Planning Policy Framework.
