EXISTING SECTION THROUGH FLOOR  
Scale approx. 1:10 @ A3

Existing floor boards to remain in place. During installation of the sanitaryware, the floor boards should be carefully lifted where required, and rock wool located in the void below, and then the floor boards re-secured.

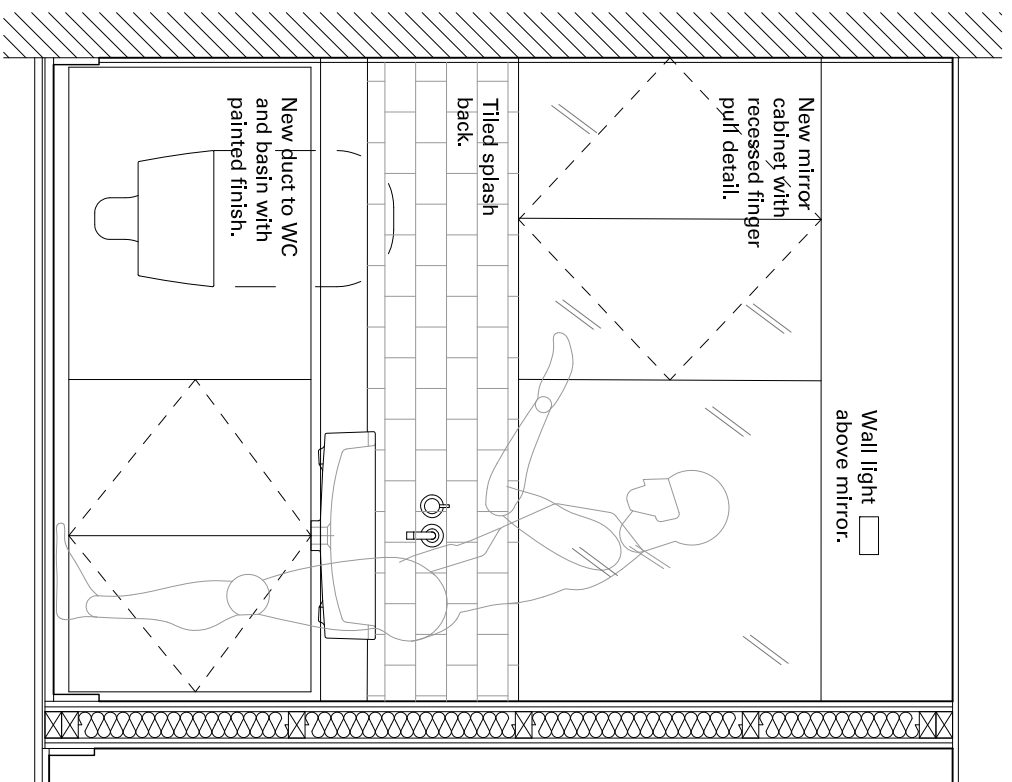

A new ply wood layer is to be installed on top of the existing floor boards, with a 7mm thick heavy duty foam underlay between the ply wood and timber floor boards to afford protection to the floorboards. New ceramic tiles are then to be laid on top of the ply wood.

PROPOSED SECTION THROUGH FLOOR  
Scale approx. 1:10 @ A3
