Your comments on the planning application

Dear councillors,

I am writing to oppose the planning application at The Brondes Age which looks to add a first floor extension and create of a roof terrace bar to be used in connection with the ground floor public house.

I own a flat at 6 Iverson Road and our bedroom is at the back of the property, in clear sight of the proposed roof terrace bar. If this application went ahead it would overlook peoples homes and gardens. We already hear noise from

Planning Application Details

the Brondes Age and know that the noise levels would increase significantly and become unbearable if there was a roof terrace bar with music â where people were drinking and talking late at night â only metres away from nearby residentsâ bedroom windows. The excess noise will cause (and already does) enormous disruption and effect the sleeping patterns of those who live in the vicinity.

An open roof terrace bar is not necessary â it will cause noise and light pollution which will have a detrimental effect on the lives of those who live in the surrounding area. A fully enclosed one storey extension with no windows on the back of the property would be a better option as it would allow residents on Iverson Road to retain their privacy and sanity while containing the excess noise within the building.

This planning application is clearly a money making exercise which is not in the best interests of local residents, the local area, the council or itâs constituents. It will devalue the surrounding properties and have a harmful effect on the standard of living for those who reside nearby.

Thank you for your attention and I hope you will consider the above objections when reviewing this application.

Yours sincerely,
