H. FULL STATEMENT OF CASE

The full statement of case is set out in

the box below

This is a Type B appeal. The LPA has issued a Listed Building Enforcement Notice at the appeal site. Therefore in accordance with the Development Management Procedure Order 2015 and PINS Procedural Guidance only Grounds of Appeal are being submitted at this time. The appellants' Full Statement of Case will be submitted within 6 weeks of the start date.

Grounds of Appeal

Retrospective Planning Permission should have been granted for the retention of the development carried out at the appeal site for following reasons:

1. The installed apparatus accords with the provisions of the Development Plan for the type of development carried out and the locality.
2. The installed apparatus accords with other material considerations relevant to the development carried out at the appeal site including, Government policy in the NPPF and Planning Practice Guidance, the Code of Best Practice on Mobile Network Development in England, and relevant judicial authority and appeal decisions.
3. Telefónica UK Limited, an Electronic Communications Code Operator, has a demonstrable need to retain the microcells at the appeal site, in order to meet its statutory duty to provide 2G services to this part of central London where there is a very high public demand for these mobile electronic communications services.
4. The installed microcell antennas and ancillary development do not affect the character of 85 Gower Street, the listed building on which they are sited, or harm the character or appearance of the Bloomsbury Conservation Area in which the development is located
5. All reasonable steps have been taken to minimise the impact of development carried out having regard to the technical and operational requirements that apply in this case. The installed microcell antennas and ancillary development are a wholly acceptable form of development at the appeal site. The siting, scale and appearance of the installed apparatus does not have a detrimental impact on

either the special architectural and historic interest of 85 Gower Street, or the character and appearance of the Bloomsbury Conservation Area.

6. Any other issues arising from the LPA's Questionnaire, when it is received.
