**Application No:** 2015/5385/P  
**Consultees Name:** S J Rogala-Kaliski  
**Consultees Addr:** 41 Burrard Road  
**Received:** 26/10/2015 10:31:15  
**Comment:** OBJ/COMP AP  
**Response:** We are very concerned to see the increasing frequency of planning applications for roof terraces in Burrard Road and adjacent roads, which is purely to add commercial value to the properties just purchased rather than adding extra accommodation or living space for additional residents. We objected to one last year that would have had our neighbours looking straight into our bedroom. If these types of schemes are granted then it will create a precedent for others. This will mean that any general privacy you have in your own home will diminish as all these terrace houses do overlook their neighbour's properties and so we would like to object to the planning application.
