Your comments on the planning application

I strongly object to this planning application. At present the noise from this The Brondes Age bar is confined to within the premises and the seating onto the pavement of Kilburn High Road. If a roof terrace was created on the first floor at the rear of the establishment this would allow customers to overlook the rear of the houses and gardens on the south side of Iverson Road and have a traumatic effect with noise. The houses on Iverson Road are mostly split into flats and some contain families within those flats. In our particular house there are two families with four children of which the oldest is four years old. So having noise in an open

environment which is approximately ten metres away is totally unfair and unacceptable to all those concerned. Also in the summer months our garden would be virtually directly overlooked and will award no privacy from strangers looking into ours and many of the other gardens too. Furthermore I am concerned at the disturbance which is normally created by a bar which will now be encroaching directly onto the back of peoples homes. Trusting that you will take this views on board and come to a logical view that this planning application is totally unacceptable.
