Planning application number.....2015 / 5566 / P.....
Planning application address.....32 LADY SOMERSET RD.....

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

Please can I object in the strongest terms to this application - in particular I object to the front dormer window as there are no other typically 'dormer-type' windows in the row and the continuity of the street will be compromised. There is also ongoing work at the well-known 'Euro Investors' site off Little Green Street at the back of our houses and the noise, scaffold lorries, skips and other activity is something that all Lady Somerset Road residents have, and will, continue to resist as best as possible. I am fully prepared to petition other residents if you think it will help curtail this application? My best wishes

Please continue on extra sheets if you wish
