2015/5758/L	Andrew Peach	Flat 3 7 Regent Square London WC1H 8HZ	27/10/2015 11:15:14	OBJ	<ul style="list-style-type: none">- The Regent Square conservation area has very few remaining buildings that have not been converted and that have not had extensive, uncontrolled reconstruction over the last 70 years.- Only one of the conversions to my knowledge is well managed by the freeholder (No.8).- Only one side of the original square remains. (From No.9? upwards, the facades remain but the buildings were poorly reconstructed from war damage and subsequent demolition.)- I think only three houses in the square remain undamaged, in near original state.- There are too many extensions at the rear of the terrace already - which is cutting light and green space.
