2015/4837/P	Joanna Hodson	156 b Iverson Road London NW6 2HH	28/10/2015 13:09:18	AMEND	I live at 156 Iverson Road, I would like to request an amendment to the plans for the roof terrace. The plan to create a roof terrace as listed on the plans has a direct impact on the privacy of my roof terrace. I would like to request that some form of privacy screening be required on the terrace at 158. The screening would need to be such that the light levels on my terrace would not be adversely affected. My preference would be for a frosted glass fence erected to the height of at least 6 ft at 158 Iverson road. This would improve privacy for me whilst maintaining the light levels that I currently have on my terrace.
