Dear Oluwaseyi,

BCAAC comment - 2015/5325/P - 73-74 Russell Square London WC1B 5BG

The committee objects to this application. The proposed glazing is not in keeping with the architectural style of the host building and has extremely large panes of glass and will look too open to the street. This is a particularly sensitive location being opposite the very fine facade of the Russell Hotel. We consider that it would be detrimental to the quality of the Conservation Area.

We apologise for this late comment but hope that it can still be taken on board.

Kind regards,

Hugh Cullum
