2015/4385/P	J E Stewart	23 Lancaster Grove	29/10/2015 16:32:58	COMNOT	As resident owner of the top flat in no. 23 Lancaster Grove, which overlooks the garden of No. 17 Belsize Square, I wish to point out that I cannot comment in full, as the "Design & Access Statement" for this Planning Application is not available to view online. However, I am concerned that there is no mention of the mature & lovely horse chestnut tree in the garden of 23 Lancaster Grove, which is close to the wall between no. 23 Lancaster Grove & no. 17 Belsize Square, & which, I fear, would be likely to be damaged by the erection of the proposed building in the garden of no. 17 Belsize Square. I am also concerned about the erection of these large buildings in back gardens in the area in general. It would certainly have a negative impact on the view from the back windows of our property..
