Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
41 Shirlock Road
London
NW3 2HR

Proposal:
Erection of ground floor rear infill extension.

Drawing Nos: Site location plan; EX 001; EX 002; EX 003; EX 201; EX 202; PA 001; PA 002; PA 003; PA 201; PA 202

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans Site location plan; EX 001; EX 002; EX 003; EX 201; EX 202; PA 001; PA 002; PA 003; PA 201; PA 202

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed single storey part infill extension is subordinate to the host building in terms of form scale and proportions. It would retain a reasonable proportion of the garden and would be slightly recessed from the building line. The location of the extension at the rear of the building and at ground floor level would mean it has a limited impact on the conservation area as it would not be visible from the public realm. Furthermore, it would mirror the extension of the neighbouring unit at no 43, thereby balancing up the development.

Due to the proposed extension's size and location, there would be negligible harm to the amenity of any adjoining residential occupiers in terms of the loss of natural light, outlook, privacy, light spill or added sense of enclosure.

No objections have been received during the consultation period. The planning history of the site and relevant appeal decisions were taken into account when coming to this decision.

Considerable importance and weight has been attached and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, and 56 -66 and

126-141 of the National Planning Policy Framework.
