

2015/5219/P	21 Swain's Lane	Alteration to residential entrance door part of the shopfront approved under planning permission (reference: 2015/3267/P) granted on 26/08/2015.	Matthias Gentet
<p><b>No objection, comment only</b></p> <p>The new design is an improvement on the existing doorway better integrating with the already approved replacement shopfront.</p> <p>It's unclear as to the type of glass proposed for the window above the door; the current glass is patterned and obscures the view into the stairway &amp; should be repeated in the new window. The proposed door is understood to be solid timber.</p> <p>M Narraway HLE CAAC 2-Nov-15</p>
