Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reasons for granting permission.

The proposed roof extension is acceptable in principle, as the terrace of buildings exist there has been several mansard-style roof extensions already which have impaired the original roofline. The design of the extension is acceptable as it has a sloping mansard front roof with 2 small dormers, in compliance with CPG advice; although the installation of a Juliet balcony to the rear vertical façade is contrary to this advice, this design would be similar to several other roof extensions nearby and is considered acceptable in this context.

The roof slopes of the extension would be clad in natural slate roof tiles with painted white timber windows, ensuring the extension has a traditional appearance and would not represent an incongruous addition. The extension overall would not harm the character and appearance of the host building and is considered to preserve and enhance the surrounding Primrose Hill Conservation Area.

The proposal would not give rise to any adverse impact on the amenity of neighbouring occupiers in terms of loss of light, outlook or privacy.

No objections were received prior to making this decision. The sites planning history and relevant appeal decisions were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development

also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework.
