

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2015/5243/P	Phil Peters	9 Gayton Road Hampstead NW3 1TX	04/11/2015 11:07:47	SUPPEMPE R	I write in support of this application. Clerly it will not impact on the conservation area character. I believe it will also enhance the view from the street by blocking the view of the ugly offices behind it. It will also provide much needed accommodation for a family without adding to further need for parking.
2015/5243/P	Alistair Summers	59 Gayton Road London NW3 1TU	03/11/2015 19:47:13	SUPPEMAI L	I have no objection at all and support the proposed work.
2015/5243/P	Robin Woolfson	12 Gayton Road nw3 1tx	04/11/2015 23:50:38	SUPPRT	<p>Dear Sirs, I write on behalf of Gayton Residents' Association to support this planning application without reservation.</p> <p>The proposal will increase accommodation for the family who live at No. 2 Gayton Road.</p> <p>The proposal will match the rear extension which is currently being built at the adjacent No. 1 Gayton Road.</p> <p>The design will preserve the character and appearance of the conservation area.</p> <p>Finally, the proposed development will improve the aspect of this section of Gayton Road by blocking the view of the rear properties of Hampstead High Street which are both ugly and excessively imposing.</p> <p>We ask Camden Planning to approve this application.</p> <p>Yours sincerely Robin Woolfson (Chair, Gayton Residents' Association)</p>
